## LABORATORY SERVICES REPORT

|                |                             |                |                       |
|----------------|-----------------------------|----------------|-----------------------|
| Patient Name : | Mohammed Waled M. AlSanousi | Accession No : | 2137512068            |
| Hosp. No :     |                             | Sample No :    | 2134517842            |
| Passport No :  |                             | Ordering Doc : |                       |
| CIVIL ID :     | 286042901006                | Ordered Loc :  | PCR Drive through     |
| DOB/Age :      | 29/04/1986                  | Collected On : | 23- Oct-2021 11:35 pm |
| Gender :       | Male                        | Received On :  | 23- Oct-2021 11:35 pm |
| Nationality :  | Kuwaiti                     | Reported On :  | 24- Oct-2021 8:09 am  |

## VIROLOGY

### SARS-CoV-2 RT-PCR

|                       |   |             |            |
|-----------------------|---|-------------|------------|
| Sample Type :         | Swab/Fluid  | Sample No : | 2134517842 |
| Component             | Value   |             |            |
| Specimen Type         | Nasal/Nasopharyngeal swab                               |             |            |
| SARS-CoV-2 (Covid-19) | NEGATIVE (NOT DETECTED)                                 |             |            |
| Result Interpretation | SARS-COV-2 RNA GENES WERE NOT DETECTED IN THE SPECIMEN. |             |            |
| Methodology           | Real Time RT-PCR  |             |            |

A POSITIVE (DETECTED) result is indicative of the presence of SARS-CoV-2 RNA. Patient history along with other clinical information is necessary to determine patient status.

A NEGATIVE (NOT DETECTED) result does not always preclude SARS-CoV-2 infection and is not to be used as the sole basis for diagnosis. It indicates that SARS-CoV-2 genes were not detected at the time of sample collection.

All results will be communicated with the Ministry of Health for further surveillance. Kindly follow Ministry of Health guidelines and regulations
